Year 1931-32

The year opened with one change in teachers. Mrs. Abbott of the North Road school did not wish to return. Miss Annie Whittemore was transferred from the Langley school to fill this vacancy. Miss Doris Smith, of Littleton, N. H., a graduate of the class of 1931, Plymouth Normal School, was elected to teach in the Langley school.

Since the opening of school and the organizing of the work for the year, my work has been chiefly the giving of reading tests, from the third grade up through the eighth grade. I did this to determine the ability of the children to get the thought from the printed page, and to find the speed or number of words read per minute.

The results of these tests in almost every instance show that the pupil who reads below the required rate

for the grade did not reach the comprehension score for the grade.

In short conferences with each teacher, the pupils' papers were looked over, and remedies suggested to be used in bringing the pupils up to the required level in rate and comprehension.

As an aid to increase the ability of the pupils in the lower grades to read silently, work books to accompany the readers in these grades have been given each pupil.

Careful supervision of this phase of teaching reading on the part of the teacher I'm sure will soon begin to show the desired results.

The enrollment of the four schools on February 1 follows:
